## A Collaboration beyond Time and Place

### Program Outline

#### Why not join the program to collaborate with overseas students online?

As a school selected for the FY 2018 Inter-University Exchange Project of Ministry of Education, Culture, Sports, Science and Technology, Japan, Osaka City University (OCU) is implementing a Program to Develop Collaborative Social Innovators that uses Collaborative Online International Learning (COIL). In the spring of 2021, OCU will conduct an entirely online program entitled Socially Innovative Global Classroom: Online (SIGLOC-online) to provide international education unaffected by COVID-19.

### Characteristics of SIGLOC-online 2021(March)

- 100% online (all students/instructors will participate from their own places during the entire period)
- Multi-national, collaborative learning (students from two countries or more per group)
- Teamwork within small groups
- Conferral of a Certificate of Completion
- This is a subject to qualify for completing the Social Innovation Course offered in Osaka City University. (OCU students only)
