- Application Form : <https://forms.gle/ZTspXJ66MGFNt4Bf7>

Participation Fee
Free

Program Outline

Why not join the program and collaborate with students from all over the world?

Osaka City University (OCU)* in Japan is implementing an entirely online-version of the program entitled Socially Innovative Global Classroom: Online (SIGLOC-online) in July 2022.

We are recruiting students to participate in this program. All university students around the world are welcome!

SIGLOC-online is a three-weeks intensive collaborative online educational program in which students from different countries around the world share their experiences, exchange opinions from different perspectives, and collaborate to create solutions to social issues.

We are looking forward to "meeting" you online!

Characteristics of the SIGLOC-online

- All participants will participate remotely from their own place during the entire period.
- Collaborative learning with multi-national participants
- Interaction with other participants in every session whether synchronously or asynchronously
- Conferral of a Certificate of Completion to the participants who meet the prescribed requirements
