

Project ID	10
Focus / Field	Community development
Country / Region Implemented	Philippines
Name of Project / Activity	Edible Landscape for Food Production and Recreation Center
Project / Activity URL (if any)	https://www.da.gov.ph/da-unveils-edible-landscape-in-its-central-office/
Target Location	Quezon City
Purpose of Project / Activity	To promote Edible Landscaping in urban communities as an additional source of available, fresh, and nutritious food. To encourage the citizens to grow vegetables and fruits in their community. To improve community engagement by making the edible landscape as a place that the residents can spend their time.
Target of Project / Activity	Selected beneficiaries from low- and middle-income families in Quezon City. Residents within the vicinity of the edible landscape garden.
Project / Activity Contents	Softscapes: Living Components (fruit trees, vegetables, cereals, herbs, and medicinal plants). Hardscapes: Non-Living Components (containers, trellis and other structures). Landscape: Aesthetic Value of each element and maximum utilization of the area. Crop Production: Techniques that would improve the yield and suited to the characteristics of the chosen space.
